

RT29

10W UHF VOX Scan Two Way Radio

- Monitor
- Scan
- Scrambler
- VOX
- Alarm
- Squelch level
- High/Middle/Low output Power
- IP67 waterproof
- Time-out Timer
- CTCSS&DCS
- Battery save Mode
- Battery Voltage Prompt
- Busy Channel Lockout

- 1.High-power 10W, communication distance farther
- 2.High-capacity battery, Long standby time
- 3.The Scrambler to ensure the communication confidentiality

IP67 Waterproof

RETEVIS

RT29 10W UHF VOX Scan Two Way Radio

Technical specification:

Frequency Range	400-480MHz
Channel Number	16
Output power	10W
Working voltage	7.4V DC
Battery capacity	3200mAh(Li-ion)
Dimension(with battery, without antenna)	151x58x38mm(5.9x2.3x1.5in)
Weight(With battery&antenna)	335g(11.8oz)
Audio distortion	<5%
Frequency stability	±2.5ppm
Max frequency deviation	≤2.5KHz
Spurious emission	≤7uW
Modulation mode	11KΦF3E
Reference sensibility	≤0.3uV
Squelch on sensibility	≤0.25uV
Adjacent channel selectivity	≥65dB
Spurious response	≥55dB
International	≥60dB
Current	≤1.5A

Package includes:

Antenna

Adapter

Belt Clip

Hand rope

Battery

Charger
